Hot Spot

- One of the most important Hotspot Branding is that it helps in developing a direct one-to-one relationship with the audience
- Hotspots are extremely flexible advertising mediums as the decision regarding the location and timings remain in the advertiser.
- Roadshows are one of the best product awareness and knowledge in the market which can be extremely beneficial for newer products.

Look Walker Activity

- The safe and best economic route to reach your Brand to Elite customers.
- We help promotes businesses through our human banner campaigns and lookwalker branding moves
- For store launches, business seminars, and exhibitions, our services remain available

College Activity

- College students often influence fashion trends and have a keen interest in personal style.
- Promoting jewelry brands in colleges allows businesses to tap into this trendsetting demographic and showcase their products as must-have accessories among fashion-forward individuals.

Airport Activity

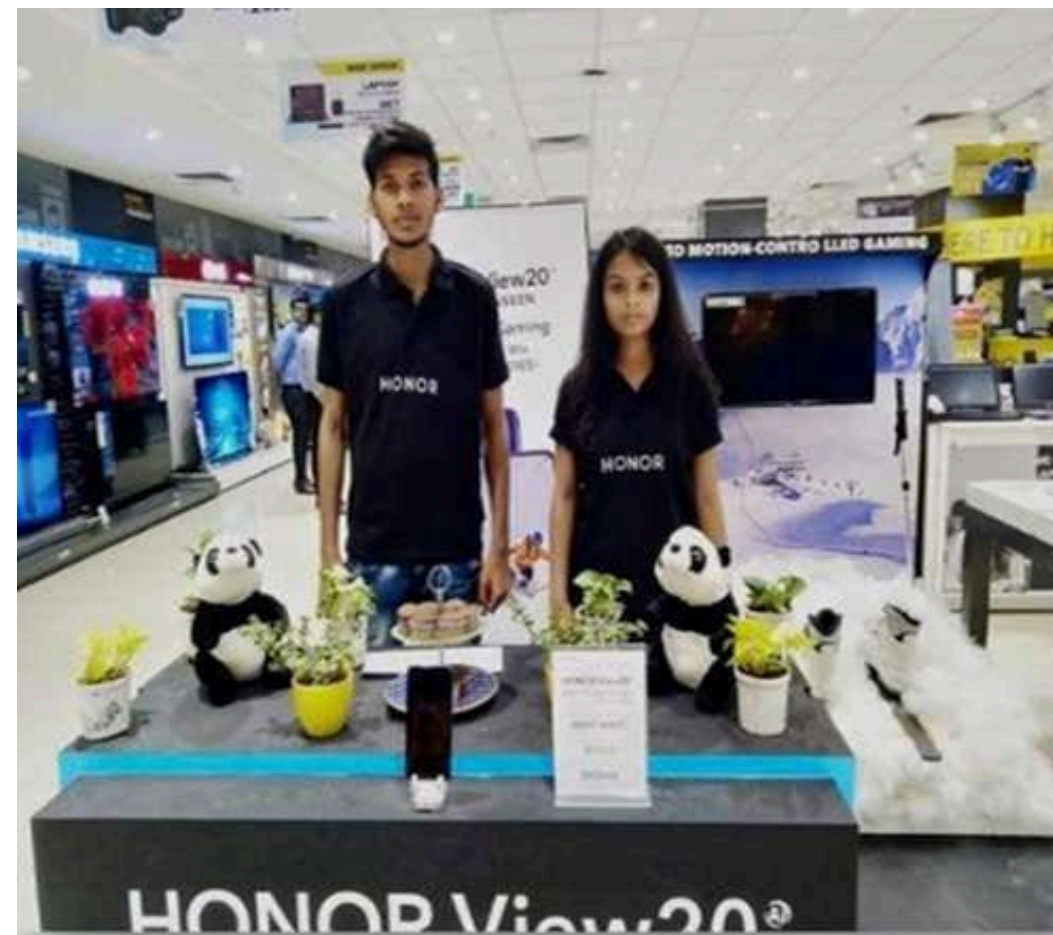

- Airport stall activities refer to the promotional or marketing initiatives conducted by businesses or brands at stalls or kiosks within airport terminals.
- These activities are designed to engage with travelers, promote products or services, and enhance brand visibility.

Mall Activity

- Malls typically experience high foot traffic, especially during weekends and holidays.
- This presents an opportunity for the jewelry brand to capture the attention of passersby and engage with potential customers who may not have otherwise encountered the brand.

Kite Board

- Kiteboards can be useful in marketing for their visual appeal and unique branding opportunities.
- advertising campaigns can attract attention, create memorable visuals, and associate a brand with outdoor adventure and excitement.

Lift Board (Static / Digital)

Lift static boards provide a prominent advertising space within the confined environment of an elevator, ensuring high visibility to a captive audience

Umbrella Branding

It is a marketing strategy in which a company uses a single brand name to market and promote a diverse range of products or services.

Van Branding

- Vans with branding essentially become moving billboards. They travel through various areas, reaching a wider audience compared to static advertising mediums like billboards or posters.
- Compared to traditional advertising methods like TV commercials or print ads, van branding can be more cost-effective, especially considering the potential reach and duration of exposure.

Bus Branding

- Branding on the back panel of a bus is an effective way to reach a large and diverse audience.
- When creating bus back panel branding for Giva, consider the following elements to ensure a compelling and visually appealing design

Auto Branding

- Amongst the most effective media for promoting products, auto-rickshaw advertising is the most feasible and effective option.
- It helps your communication reach the masses in every nook and corner of the country. Moreover, auto-rickshaw ads are also cost-effective

Car Branding

Car branding turns vehicles into moving billboards, providing continuous exposure to a wide audience as they travel through various locations.

Cycle Branding

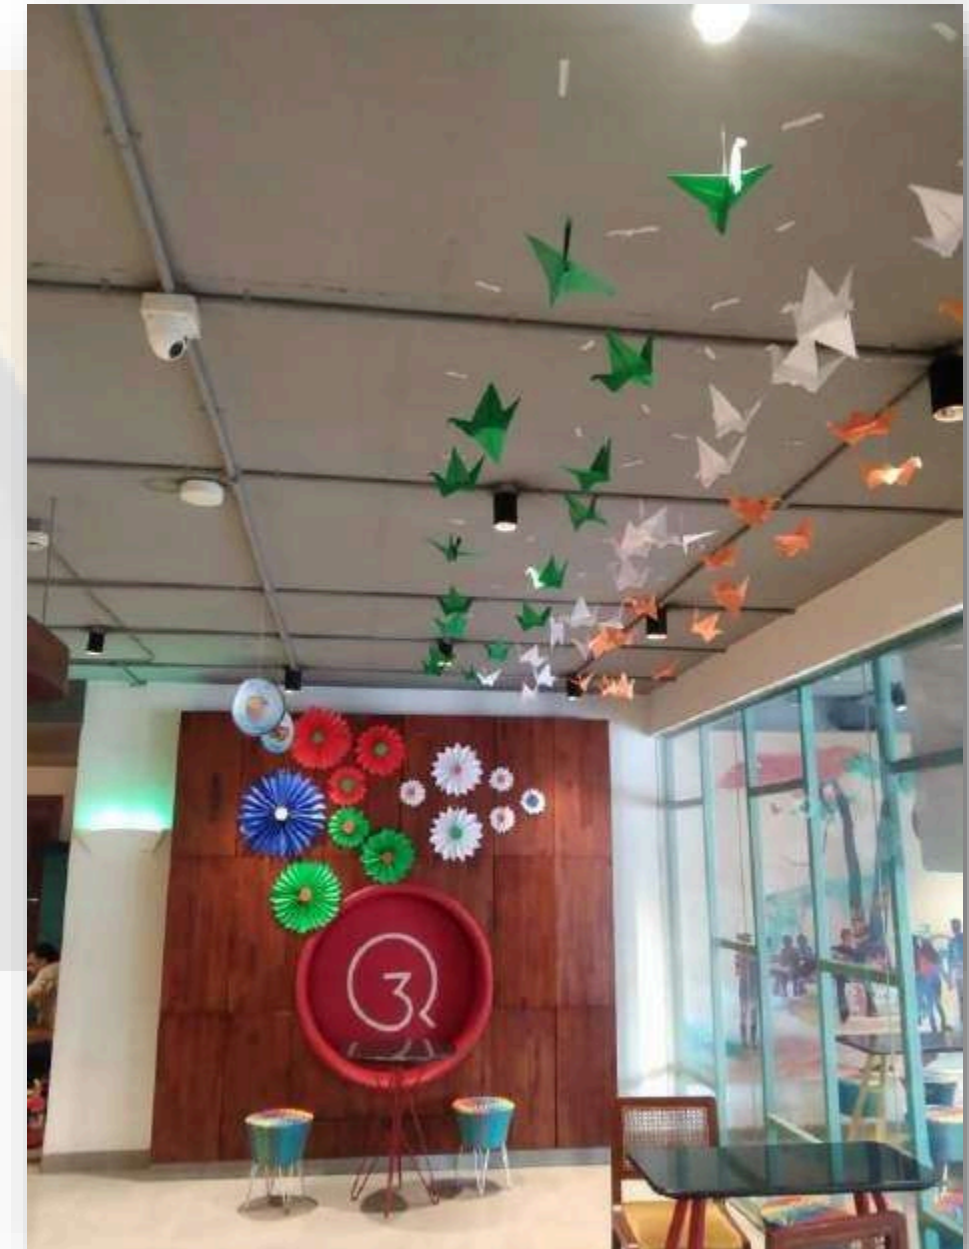

- Utilizing cycle fleets as a component of an advertising campaign can effectively engage the audience across multiple media platforms, thereby strengthening brand reinforcement.
- Cycles have the capability to reach a widespread audience, even in the most remote corners of the city, thereby expanding brand reach and visibility
