Skopick.com is dedicated to creating positive and sustainable change by actively engaging with NGOs through our Outreach Program.

Identifying and supporting NGOs that are deeply committed to social change and help them expand their reach

Empowering communities through tools, resources, and knowledge, enhancing quality of life.

Facilitating connections between NGOs and corporations for strong partnerships and to implement more social initiatives.

Supporting NGOs by assisting in fundraising by offering a vital financial backbone to execute and scale their impactful initiatives.

Established a framework for regular assessments & feedback in order to adapt strategies for continuous improvement & relevance.

Aim to create a collaborative ecosystem where NGOs and corporates work collectively to create positive societal change

# 02. Nutrition Program

DELIVERING HEALTHY & PRODUCTIVE CITIZENS FOR THE NEXT GENERATION

A small morning nutritional intervention has resulted in many positive ripple effects

Drop-out rates arrested:  
Enrollments protected

Increased enrollments,  
driven by spread of word  
of mouth on the morning  
service at school and  
support from parents.

Increased focus in the  
class seen among  
children.

Rise in motivation levels  
among teachers, who are  
no longer teaching to  
empty stomachs in the  
morning.

Improved academic  
performance by the  
children

Maximized probability of  
completing school,  
thereby delivering literate,  
healthy and productive  
young citizens to the  
nation

Improved punctuality of  
children, in anticipation  
of service

Improved health profile,  
as measured by  
parameters such as  
height, weight, mid-arm  
circumference,  
Hemoglobin etc.
